

MINERTAPE WNS

ACHITEX MINERVA

PIGMENTS FOR ADHESIVE TAPES

MINERTAPE WNS

RANGE

Water-based dispersions of organic and inorganic pigments formulated for colouring acrylic-based pressure sensitive adhesives mainly use for packaging tapes.

MinerTape WNS pigments are finely dispersed and perfectly homogeneous, characterized by a high dispersion degree and good stability in time.

They are APEO- and formaldehyde-free, with a low VOC content.

The colour card shows the range of basic shades, which can be personalized according to Customer requirements.

ADVANTAGES

- ✓ High dispersion degree (< 2 micron)
- ✓ Excellent colour yield
- ✓ Optimal reproducibility
- ✓ Tailor-made colours
- ✓ Suitable for automatic dosing system
- ✓ APEO- and formaldehyde-free
- ✓ Low VOC content
